DAXXIFY® is the only frown line treatment formulated with a peptide, delivering a radiant look that's fast and lasts** through the season. ❄

Schedule your DAXXIFY® treatment today!

*In clinical trial diaries, patients reported seeing a measurable improvement within 2 days. 74% achieved a \geq 2-grade improvement at week 4 per both physician's and patient's assessment. More than 50% had no or minor frown lines until 6 months after treatment per both physician's and patient's assessments. Improves the appearance of skin texture versus before treatment. In an open label study (N=27), 89% of patients agreed their skin looked radiant/bright (exploratory endpoint).

For DAXXIFY® Full Prescribing Information including Boxed Warning and Medication Guide, see [@daxxifypi](#).

DAXXIFY® (daxibotulinumtoxinA-ianm) for injection is a prescription medicine for adults to temporarily improve the look of moderate to severe frown lines between the eyebrows. Ask your doctor to tell you about DAXXIFY®. DAXXIFY® may cause serious side effects hours to weeks after injection. Alert your doctor right away as difficulty swallowing, speaking, breathing, eye problems or muscle weakness can be a sign of a life-threatening condition. The most common side effects are headache, eyelid drooping, and loss of the ability to move some muscles in your face.

Call your doctor for medical advice about side effects. Intended for US audiences.

affect areas away from the injection site and cause serious symptoms that include loss of strength and all-over muscle weakness, double vision, blurred vision and drooping eyelids, hoarseness or change or loss of voice, trouble saying words clearly, loss of bladder control, trouble breathing, and trouble swallowing.

Do not receive DAXXIFY® if you are allergic to any of the ingredients in DAXXIFY® (see Medication Guide for ingredients); had an allergic reaction to any other botulinum toxin product such as rimabotulinumtoxinB (MYOBLOC®), onabotulinumtoxinA (BOTOX®/BOTOX® Cosmetic), abobotulinumtoxinA (DYSPORT®), incobotulinumtoxinA (XEOMIN®) or prabotulinumtoxinA-xvfs (JEUVEAU®); or have a skin infection at the planned injection site.

DAXXIFY® dosing units are not the same as, or comparable to, any other botulinum toxin product.

Tell your healthcare provider about all your medical conditions, including any side effects from botulinum toxin products, including dry eye; breathing, swallowing, bleeding, or heart problems; plans to have surgery; weakness of forehead muscles; drooping eyelids; have had surgery on your face; are pregnant or breastfeeding or plan to become pregnant or breastfeed.

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements.
