ART

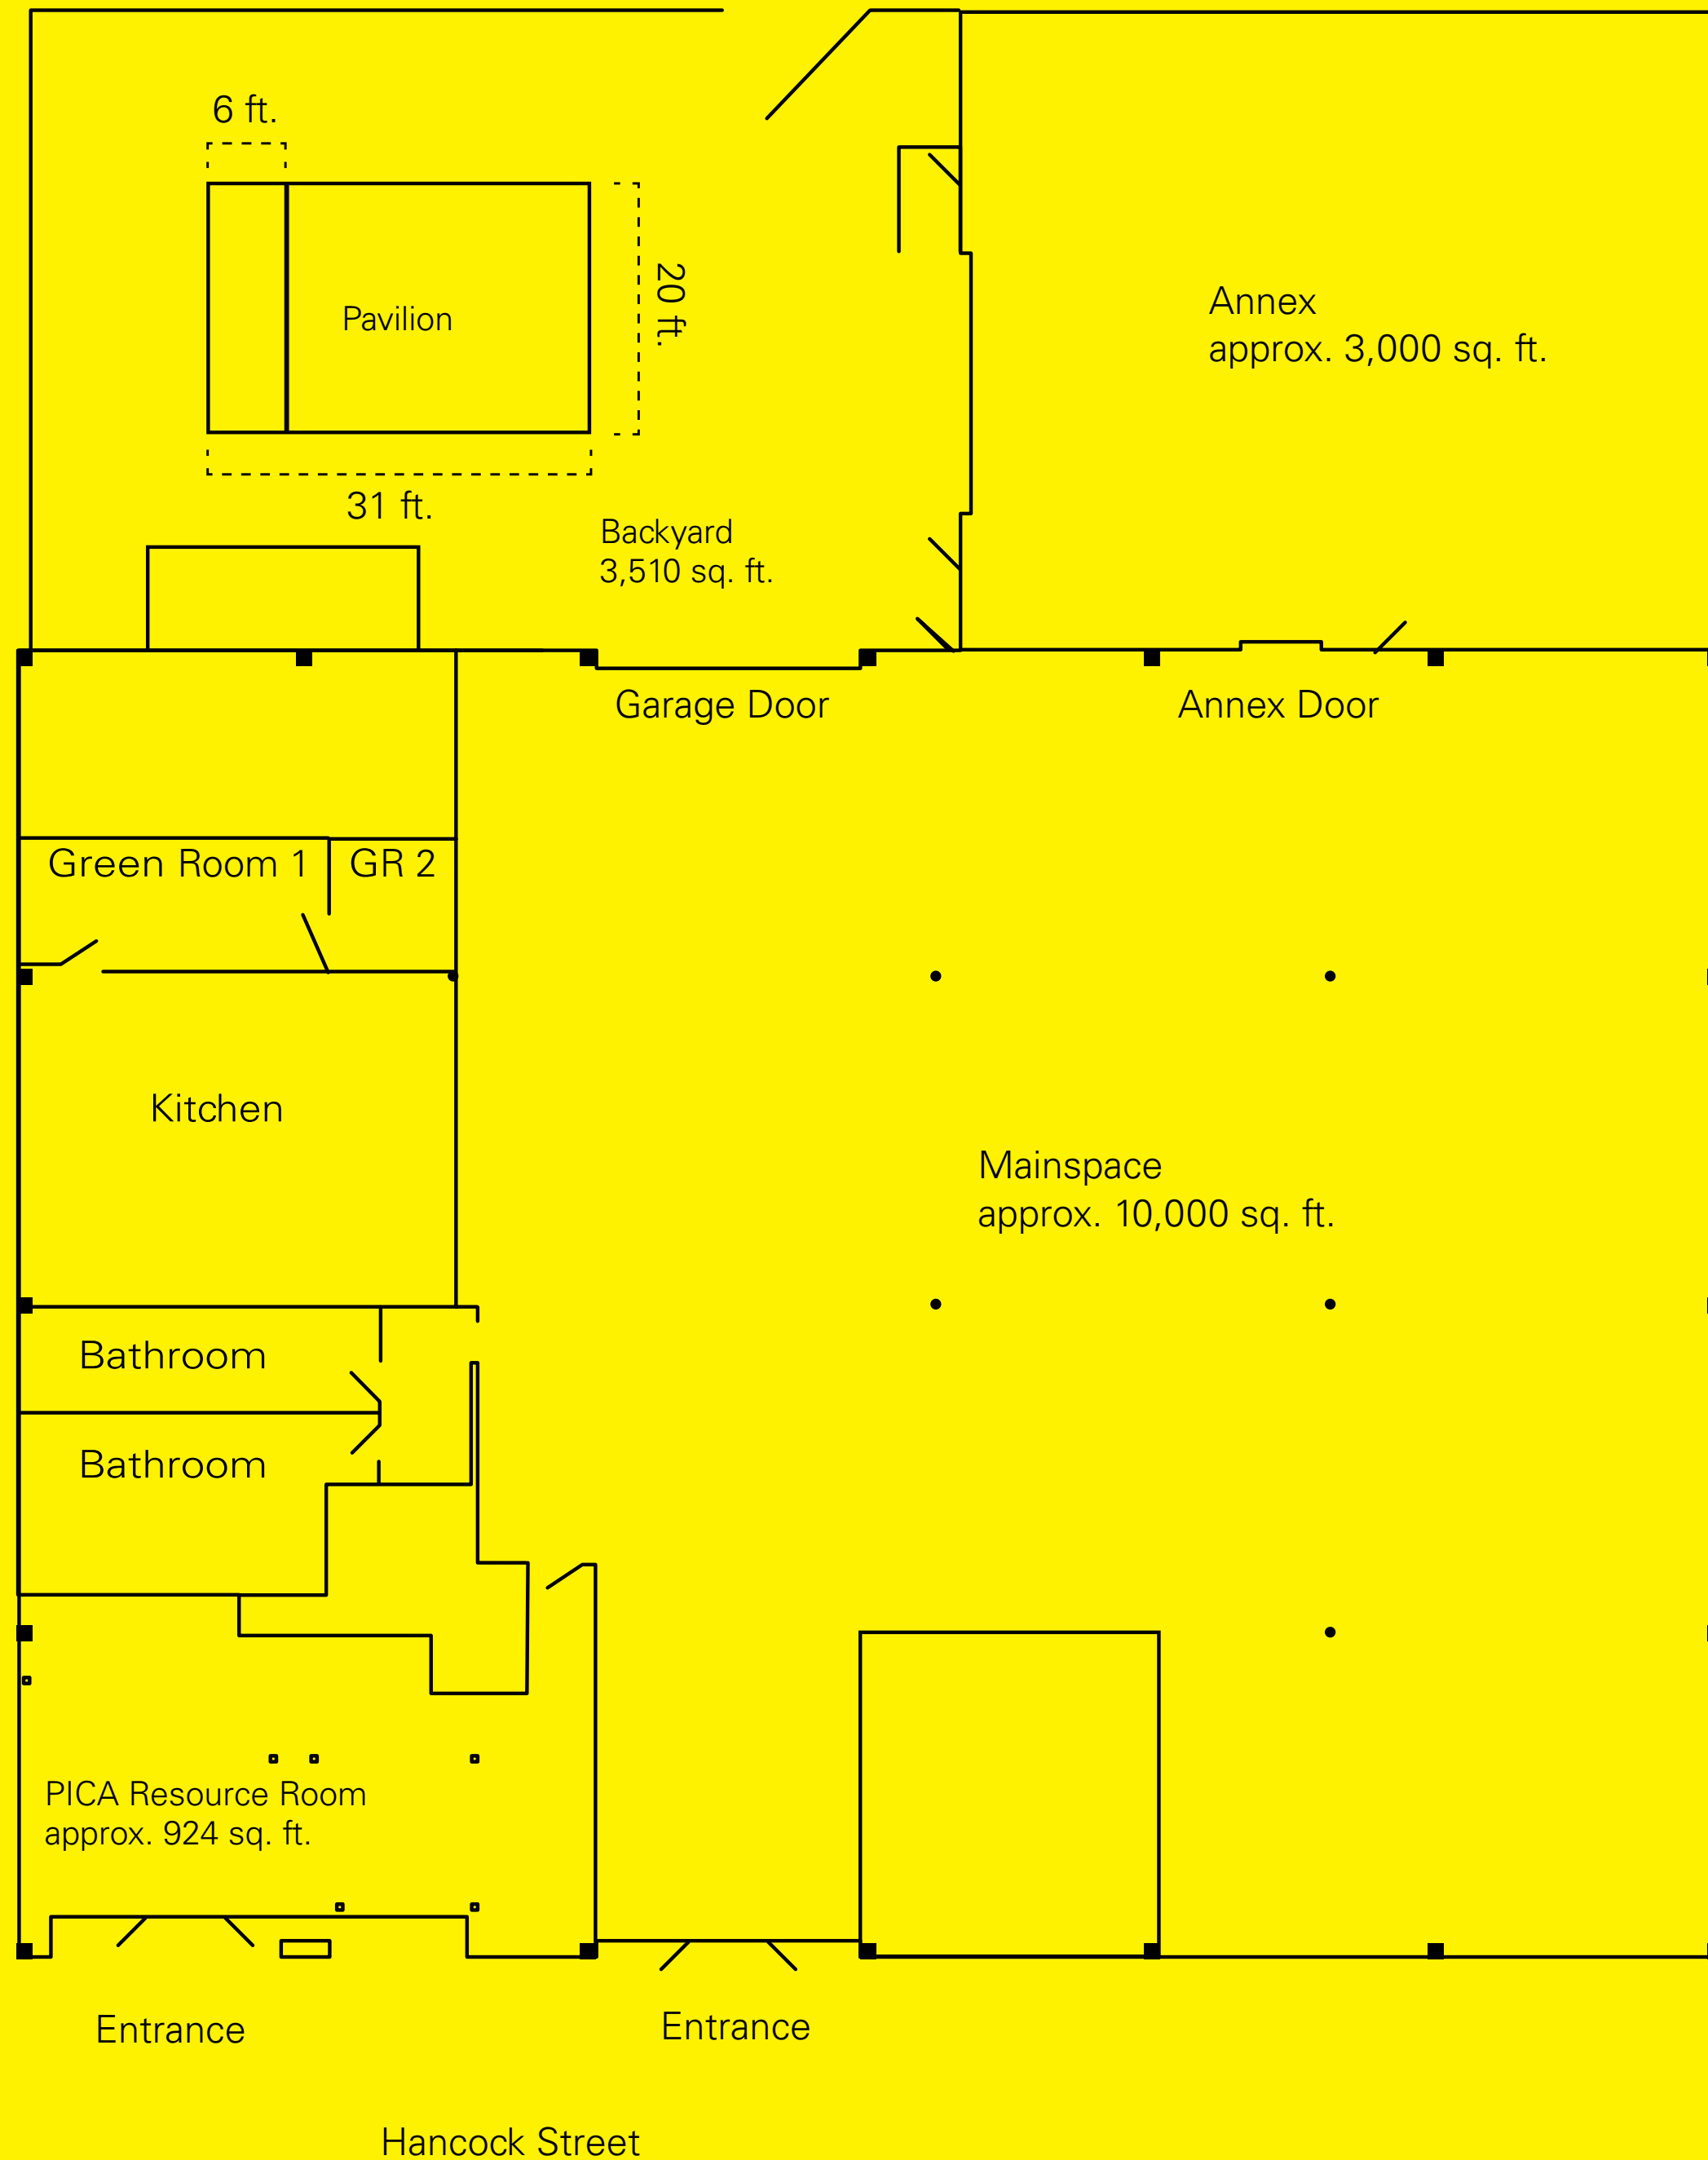

PICA FLOOR PLANS AND DIMENSIONS

FOR MEETINGS, GATHERINGS, AND EVENTS

The Portland Institute for Contemporary Art offers its new Northeast Portland location for various events—such as meetings, community gatherings and creative events. We are a venue rental only and do not offer any event planning services.

The rental fee includes one person from our event staff and one person from our technical staff to assist you for 10 hours each in advance of your event. These PICA representatives will be happy to guide and advise you on set-up, technical requirements, and facility protocols. Additional hours worked by PICA staff outside of these allotted to your event will be charged to you as an added fee. The cost of cleaning prior to and after your event, for a total of 8 hours, is also included in the rental fee. Any other janitorial needs or extensive cleaning is subject to an additional charge.

Clients are responsible for ensuring all of their own catering, entertainment and rental needs, including equipment, staff and rentals for set-up, event and breakdown, unless otherwise agreed upon. All options include the use of PICA bathroom facilities. Kitchen, private bathroom, green-room/dressing room and storage space may be available for use and must be agreed upon separately.
